## GLIDE MODELS

Dare to be Different!

SR24  Scout

The SR24 Scout is our entry level model yet still packed with lots of standard features! It's our most affordable Glide and sets a benchmark standard for our budget conscious riders.

SR29  Rover

The SR29 Rover is our mid-range model with lots of standard features! A step up from our entry level model Scout, Rover comes with a larger battery, LED Display and basic FR Light / Horn System.

SR38  Voyager

The SR38 is our Premium model flush with all the bells and whistles! A step up from Rover, SR38 features our biggest battery, premium lighting system FR/RR and LED undercarriage strip lighting.
